

Government Polytechnic Dehradun was established in the year 1980. It is affiliated to Uttarakhand Board of Technical Education Roorkee and is administrated by Department of Technical Education, Srinagar garhwal. The institute was established with the prime objective of providing quality technical education to every individual of the state & create various job opportunities for them.

PRINCIPAL'S MESSAGE

It is a matter of great honour and satisfaction that Government Polytechnic, Dehradun has taken the initiative to bring out the newsletter.

The polytechnic has made steady progress in the areas of Non-Academics, capacity building of staff and students. I am confident that with this first issue of newsletter it will send a positive signal to the staff and students.

A newsletter is like a mirror which reflects the clear picture of all the activities undertaken by the institution and develops writing and creative skills of the students in particular teaching faculty in general.

I congratulate the editorial team of this newsletter who have done excellent work in accomplishing the task. I express my deep sense of gratitude to Ms. Namita Pant, Lecturer English and Mr. J.S. Rana, Lecturer I.T. under whose guidance this technical work has been undertaken and completed. I also congratulate other editorial team members, staff and students for their fruitful efforts in bringing out this newsletter.

Best Wishes,
Avnish Jain
Principal

FROM THE EDITOR'S DESK

MRS. NAMITA PANT
Lecturer English

It's quite a thrill to take my place as the editor of the first edition of this newsletter. We are really proud and exuberant to acclaim that we are ready with all new hopes to bring out the first issue, which is going to unfold the unraveled world of the most precious and unforgettable moments of the institution.

This souvenir is indeed a ~~the~~ attempt to showcase achievements and accomplishments of our students as well as the staff members in making this institute one of the pioneers in technical education in the state.

We have put in relentless efforts to bring excellence to this treasure trove.

Any educational institute is an incarnation of self respect, love, affection, sensibility, responsibility and compassion which puts the student into a "state of flow" and make them genuinely eager to learn. This institute attains its eminence in the first place through the achievements of our students. The newsletter also espouses the spirit of the institution which is built up within the institution through our

collective, aspirations, thought and actions.

It gives me immense pleasure to ensure that this newsletter has successfully accomplished its objective. Hellen Keller rightly says that the world is moved along not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker. The herculean task of editing this newsletter would not have

sincere been possible without the support of members of the editorial board. I am really thankful to our respected Principal sir for entrusting us with the responsibility of editing this newsletter.

I heartily wish all the readers my best wishes and hope this souvenir will enjoy your critical acclaim.
